Early Days With the New Teacher.

When Judson Harmon was a young man he helped to work his way through college by teaching school. This early experience enabled him when he became governor to point out some lessons from the text book of HONEST GOVERNMENT showing that the rules have not been strictly followed in the past. Governor Harmon's teaching along that line has been of vast importance to the people of Ohio; but the above cartoon shows that he has an unwilling class before him consisting of several candidates on the g. o. p. state ticket whose "class leader" is trying to "play hooky." If the voters of Ohio will continue their school-master in statesmanship and honest government in the governor's office two years longer even the recalcitrant pupils shown in the above cartoon may learn some valuable lessons.

CATARRH
A SPECIFIC BLOOD IMPURITY

Catarrh is a deep-seated blood disease, one which no amount of local treatment will ever permanently cure. The beneficial effects of washes, sprays, inhalations, etc., are only temporary, and when left off the old condition returns, because the blood is infected with catarrhal matter and impurities. This impure condition of the circulation irritates and inflames the delicate mucous membranes and tissues and produces the well known symptoms of ringing noises in the head and ears, mucus in the throat, headaches, watery eyes, partial deafness, sore throat, general impairment of health, etc. This condition will remain, growing worse as long as the catarrhal matter is allowed to remain in the blood. Being a specific blood impurity, there is only one way to cure Catarrh, and that is to purify the blood. Nothing equals S. S. S. for this purpose. It attacks the disease at its head—in the circulation—and by thoroughly renovating the blood and cleansing it of all impure matter, makes a permanent and lasting cure of the disease. For forty years S. S. S. has been recognized as the best blood purifier, and the thousands of cases of Catarrh it has cured is proof that it is the very medicine needed by those who suffer with this trouble. Book on Catarrh and any medical advice free. THE SWIFT SPECIFIC CO., Atlanta, Ga.

DAMAGED

By Flames Was Glass Plant
At Newark

And 200 Men Thrown Out
Of Employment

Newark, O., Nov. 1.—The American Bottle Company suffered a \$10,000 loss last night when the tanks No. 10 and 11, containing about fifteen tons of molten glass in factory No. 8, cracked from the intense heat, and practically all the glass run through into the immense cement pit below.

The break came about 7 o'clock, and a general alarm of fire was sounded, bringing the entire department to the scene. As the big ladder truck from Central station was crossing the B. & O. tracks, going into the glass company's yards, a southbound train rushed by, and, by throwing the team into a ditch, alone saved Driver Oliver Preist and his team from being killed. Two hundred men are thrown out of work, for a time yet to be determined, and the loss of \$10,000 comes in actual damage done to property, including the ruining of a large marble switchboard used to operate the bottle machines and which stood in the pit.

But the heaviest loss comes in the delay of rush orders, with which the plant has plenty. A hurry order was sent into the Erner-Hopkins Electrical supply house, in Columbus last night by 'phone, urging that all possible haste be used in getting a full equipment of material here as soon as possible to replace the damaged equipment.

Halloween passed off quietly in Mt. Vernon and but very little damage was reported to property as a result of pranks by the younger generation on Monday evening. There were a large number of windows on Main street given a soaping, chairs were removed from porches and other pranks reported. No arrests were made by the police.

Rev. E. D. Barnett, who has for the past several days been confined to his home on North Main street by an attack of illness, is rapidly improving.

UTICA

Boy Was Lost On The Streets
Of Newark

(Newark American Tribune)
Florant Phillips, aged 11 years, was found by the police, wandering along on Charles street, in the far north end of the city Saturday night, shortly after midnight, trying to find his home. The policeman inquired what the number and street were where the lad's home was, but the boy could not tell him. He stated that he had come here with his parents, Mr. and Mrs. Florant Phillips, from Utica, Ohio, last Wednesday, and the boy had never been in Newark before. He said his father was a machinist, but didn't know where he worked, and further than that he could give no information concerning the situation.

The officer took the lad to the patrol house where he was kept all night, and Sunday a determined effort was made to apprehend the boy's parents and home, but to no avail.

Furthering his explanation to the police, the lad stated that he had gone to the B. & O. depot to meet his sister, who was coming here from Utica, to join the balance of the family, but for some reason she failed to come on that train, and the lad was bewildered.

The lad, claimed to have his bearing Sunday morning, and the police allowed him to go. Since then nothing has been heard from him, and the general supposition is that he found his way home, else he would do as directed, phone the police again. This he did not do, and the location of the boy's parents home is unknown.

POSTOFFICE

At Fredericktown Used For
Republican Meeting

Which Was Addressed By
Former Secretary Garfield

Three Speakers At The Meeting
Held At Armory

Garfield, Denman And Chamberlain The Orators

No Reference By Garfield To
The Foraker Incident

Former Secretary of the interior James R. Garfield pulled off a double header in Knox county Monday, making two Republican speeches according to his view point of Republicanism. One was made at Fredericktown and the other in Mt. Vernon.

Mr. Garfield and party came over from Mt. Gilead, where he spoke in the afternoon, in an automobile. When they arrived in Fredericktown quite a crowd had assembled on the street, and a stop was made. A demand was made for a speech, but Garfield declined to speak in the open air, so he was piloted to the postoffice and taken into a rear room where he made a short speech to those who crowded in and lapped over into the postoffice room.

The meeting in Mt. Vernon was held in the Knights of Pythias armory and was addressed by Mr. Garfield. Attorney General Denman and Hon. G. H. Chamberlain of Elyria, Republican candidate for congress in this district. In the party, also, was Mr. A. R. Garford of Elyria, the Republican state central committeeman from this district.

Two bands were on hand to rally the crowd—the Mt. Vernon City band and the Centerburg band. These bands gave concerts on the square in the early evening. One selection played by the Mt. Vernon band was of especial significance. It was the popular air, "Here comes Teddy With His Gun, Gun, Gun." It must have been tickling to the ears of Mr. Garfield.

The armory was well filled for the occasion, perhaps 500 people being crowded into the small room. The meeting was presided over by Hon. Frank V. Owen, who presented Mr. Denman as the first speaker. The speech of Mr. Denman was confined almost entirely to state questions and the burden of his speech was an effort to break down the force of the graft charges of Governor Harmon. General Denman again reiterated his intention to institute civil action for restitution against former Fire Marshals.

Knox County on the 6 day of Feb. and the 1 day of May, and the 6 day of Nov. Delaware County on the 3 day of Jan. and the 3 day of April, and the 15 day of Sept.

It is further ordered that the courts of the 2nd sub-division be held by Judges Mansfield and Devor.

That the courts of the 1st sub-division be held by Judges Seward and Wickham. That the courts of the 3rd sub-division be held by Judges Nicholas and Weygant.

It is further ordered that the Hon. E. M. Wickham be designated as Supervising Judge, and that said terms of Court begin at 10 o'clock a. m. Sam'l H. Nicholas, Edwin Mansfield, Chas. W. Seward, W. E. Weygant, W. T. Devor, E. M. Wickham, Judges 6th Judicial Dist. Dated at Columbus, Ohio, this 18th day of October, A. D. 1910. The State of Ohio, Knox County, ss. I, Chas. L. BERNMONT, Clerk of the Court of Common Pleas, within and for said County and State, do hereby certify that the above and foregoing is a true copy of the order fixing the times for holding the Common Pleas Court in the Sixth Judicial District of Ohio, for the year 1911, and that the same now appears of record on the Journal of said Court. In Witness Whereof, I have hereunto set my hand and affixed the seal of said Court at Mt. Vernon, Ohio, this 25th day of October, A. D. 1910. CHAS. L. BERNMONT, Clerk of Common Pleas Court.

Davis and Rogers and Oil Inspector Finley. He also repeated the charges that have been made against State Treasurer Creamer while filling the office of fire marshal of charging his expenses to the state while on personal and political missions. He also challenged the sincerity of Gov. Harmon in his exposure of graft.

The second speaker presented was Mr. Chamberlain, who spoke briefly and confined his remarks to national questions.

The star performer of the evening was Mr. Garfield. His speech was along the line of explaining and advocating the principles of progressive Republicanism. He had little to say in regard to state issues. He, however, accused Governor Harmon of being a free trader and asserted that Harmon was opposed to the tariff commission. He also attempted to hold Harmon responsible for the defeat of the Woods utilities bill, but neglected to state that there was a Republican working majority in each branch of the legislature, and that they could have passed the utilities bill or any other measure had they chosen so to do. Mr. Garfield made no reference to the Foraker incident.

There are hundreds of robberies every day of the year about which we hear nothing, but through which people who are careless about money, lose it.

That person who keeps his or her money in a bank, has but little fear from the hold-up man or the house-breaker. It is the man who carries money on his person that usually gets "touched."

Your money, if deposited with this bank, will be absolutely secure.
